- Leasehold Information: There was an increase in the service charge in April 2026. The increase appears to have been partly due to a new management company taking over and bringing additional services, such as communal cleaning, into the service charge. This means that more services are now included, providing residents with a more comprehensive level of management and maintenance. As a result, while the service charge increased, it also reflects the wider range of services now being provided.

Pets must have permission from the management company.

No restrictions on sub-letting (both short and long term).
